

# NOVEMBER 2023

Dear COMI Members,

Fall and early winter will be here soon. It's time to catch a fall hog! Chapter 41 continues to **lead the nation with the number of fish registered**...congratulations to all!

After last month's meeting, I sent out a survey on our tournaments. We had close to 50 members respond which is a great number of responses. During our November meeting, I will be going over those results and discuss the proposed tournament locations and dates.

Speaking of the November meeting, Jack Manley will be doing a presentation on Cold Water Safety once again. This is a very informative presentation and could help save your life. Also during the November meeting, we will have our officer elections for 2024. If anyone is interested in being President, please let me know...I will put you at the top of the list! lol

Big thanks to our officers, especially Bill Kulju for getting the Minnow Fund account set up so that we can disperse directly from this account for anything the ODNR feels like we need for the minnow fund. As of right now, we have \$18,455 across all of the muskie clubs in Ohio for the minnow fund. We recently paid \$6200 for a couple items needed. The support from all of your clubs is essential and greatly appreciated.

I am working on getting the location finalized for our Christmas Party which will be on 12/12. I hope to have this wrapped up by our meeting on November 14th.

I hope everyone gets to fish some yet this year. Please be safe!

Thanks,

Greg

# For Your Information...

## Ohio Department of Natural Resources

MIKE DEWINE, GOVERNOR

MARY MERTZ, DIRECTOR

**Kendra S. Wecker, Chief**  
Division of Wildlife  
2045 Morse Rd. Building G  
Columbus, Ohio 43229  
Phone: (614) 265-6300

Greetings Muskie Inc. club officers-

This letter is to make you aware of a new application within the Muskie Angler Log. For some time, Muskies Inc. clubs have expressed interest in sharing catch data reported in the Muskies Inc. Lunge Log with Ohio's Muskie Angler Log. Clubs recognize that some of their members choose to report their catches only in the Lunge Log and capturing this data in the Muskie Angler Log would be beneficial.

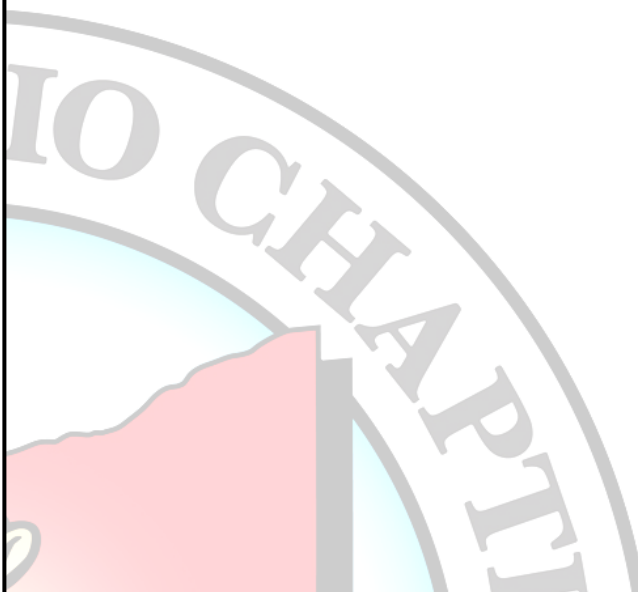

We are excited to announce that there now exists a method for sharing Ohio Muskie catch data reported in the Lunge Log with the Muskie Angler Log – it is called the [Lunge Log Data Sharing Program](#). The program was developed in collaboration with leaders from Muskies Inc. and is designed to integrate **angler approved** Lunge Log catch data with the Muskie Angler Log. We ask that you please share this information with your membership.

### How it works

The process is really quite easy. An angler who wishes to share his/her catch information reported in the Lunge Log simply needs to create a profile in the Muskie Angler Log and indicate within that profile their willingness to share their Lunge Log data. This is done within the club affiliation section of the Muskie Angler Log by:

- 1) Entering Yes for "Are you a member of a Muskies, Inc. club";
- 2) Providing a MI club member ID (this will be used by MI to identify an angler's catches); and
- 3) Select the "Share Lunge Log Catches" box.

Division of Wildlife • 2045 Morse Rd • Columbus, OH 43229 • [wildlife.ohiodnr.gov](http://wildlife.ohiodnr.gov)

**Other Club Affiliation**

Are you a member of a Muskies, Inc. Club?  Yes

Club:  Member ID:

Category:

**Share Lunge Log Catches:**  
Muskies, Inc. and the Ohio Division of Wildlife are collaborating to improve Muskie management in Ohio. If you report your catches in the Muskies, Inc. Lunge Log and would like to share them with the Muskie Angler Log (MAL), check this box. If you choose to share your Lunge Log catch reports with the MAL, do not report these same catches in the MAL, as this will duplicate catch reports.

That's it. By following these steps, an angler gives Muskies Inc. permission to provide catch data to the Muskie Angler Log. Catch data shared will include dates, locations, lengths of fish caught, and whether fish were harvested or released.

Catch data from the Lunge Log will be collected and imported into the Muskie Angler Log annually.

Note: we request that anglers who share their Lunge Log catch data **DO NOT** report the same catches in the Muskie Angler Log, as this will create duplicate catch reports. The Lunge Log Data Sharing Program is **ONLY** for those anglers who do not report catches in the Muskie Angler Log.

Thank you for your time and support. Feel free to contact us with any questions.

# The Braggin' Board

## Fisherman Spotlight

The Fisherman Spotlight is an opportunity to highlight great catches and members of the club. The Spotlight does not necessarily go to the biggest fish caught each month.

Pictured here is new member Mark Ropp with a nice, healthy October muskie. Rob is already putting fish on the board for the chapter. At his current pace, he'll be in the Masters division in record time. Great start Mark, and welcome to the club!

## 2023 Can/Am Results

From Mark Pauling: Canada won the Can/Am 2023. Joe Renne and Kim Filiault caught a 51.5 muskie. Weather wasn't great, a lot of rain on Saturday and North wind on Sunday. 65 people entered with 12 from COMI. Everyone I talked to caught multiple fish.

We set the future Can/Am date as the 2<sup>nd</sup> weekend in July. This should help everyone plan for next year's tournament, and catch some of these St. Clair giants!
